LUTHER MAPLES ANNOUNCES CANDIDACY FOR DISTRICT ATTORNEY

Luther Maples, Gulfport lawyer, today formally announced his candidacy for the office of District Attorney.

Mr. Maples states that he is prepared by both training and experience to efficiently and fairly perform the duties of District Attorney. He is a native of George County, a graduate of Daisy Vestry High School in Jackson County, a graduate of the Academic department of Mississippi College, and the Law department of the University of Mississippi. He was representing George County in the State Legislature at the outbreak of World War I, which position he resigned to enlist in the Army in May, 1917. After serving nine months in France, he returned from overseas in 1919, and was discharged from the Army July 2, 1919. He began the practice of Law in Gulfport in October of the same year. He served four years as Prosecuting Attorney of Harrison County. During his twenty-six years of residence in Harrison County he has been identified with and has taken an active part in the development of the Mississippi Gulf Coast and of this District.

He is now serving as Chairman of the Committee on War Work, Mississippi State Bar, succeeding Forrest G. Cooper, Attorney of Indiana, Miss. and he has recently been appointed by the Governor Special Judge of the County Court of Harrison County for the February term upon the petition of a large majority of the Attorneys of Harrison County, and has just completed this term of Court.

Active in American Legion work from the beginning of this organization, no man in the State has had wider experience, nor is better known in service to Veterans of World Wars I and II and in all branches of Veterans Affairs than is Mr. Maples. He is now a member of the Special State Department Committee of the American Legion on Hospital Building and Improvement. During his tenure of office as local Post Commander, State Commander, State Judge Advocate, and sixteen years on the Legislative Committee, and as a member of other State and National Committees as well as during his years of legal work for disabled Veterans, he has promoted both State and National Legislation for their benefit and has done extensive rehabilitation work in their behalf over the State and in the Coast District both personally and in cooperation with the Veterans Bureau, and the Veterans Administration Facilities of Gulfport and Biloxi.

Mr. Maples has been particularly interested in the Schools, having served as Trustee of the Mississippi City School for a number of years, and he is now President of the Harrison County School Trustee Association. His ambition to be District Attorney, states Mr. Maples, began early in life, and his experience as a practicing Attorney and as a prosecuting Attorney, his long and continuous service in Veterans Affairs and the American Legion, and his activity in civic affairs and public education have all prepared him for this important office. Having been born and reared in this District, he invites the citizens of Harrison, Hancock, Jackson, George, and Stone counties to inquire into his qualifications and into the public service record to inquire of those who know him in the Army at home and in France, those who know him as a Gulf Coast citizen, as a Legionnaire, as a Lawyer and prosecuting Attorney and of those who know him as a neighbor and a friend.

He expects to make as thorough a campaign as possible in the brief time between now and May 1st, the date of the election, but takes occasion through this announcement of soliciting the support and influence of everyone.

Applications for New Commercial Vehicles

District Managers of the Office of Defense Transportation have been instructed by the Allocations Division of the ODT at Washington to hold applications for most makes of commercial vehicles in the district offices until April 1st at least. District Manager W. D. Hendry at Jackson said today.

He explained that the unprecedented number of applications being received far exceeds in number the vehicles being manufactured or for which materials have been allocated by the War Production Board. Under present procedure applications are only being approved as vehicles are manufactured for civilian use, 60 days in advance of actual production. "Each applicant will be notified of the disposition of his application at the earliest possible moment," Mr. Hendry said, "and in the meantime calls and interviews regarding them only tend to slow down the processing of the applications."

Mr. Hendry stated the ODT had recently announced that the WPB had made the deepest cut in the civilian transportation equipment program since 1943, a reduction of approximately 30 per cent in the allocation of basic materials. He said this slash was due to the heaviest military requirements for steel since the beginning of the war and that such demands are steadily mounting.

BIG GALA BENEFIT FOR RED CROSS BY GARDEN CLUB

Bay-Waveland Garden Club is on the prowl again, hunting for money for the Red Cross.

This time the notion is a fair, garden show and sale, baby show, tom-bola, vaudeville and music show, feast and auction.

All this will be held Wednesday, April 4, in St. Stanislaus College gym, starting at 4 p. m. until there's nothing left to eat, drink, look at or buy.

In former Red Cross drives the club raised several thousand dollars with a minstrel show and an auction, but this time the ladies of the club are going all out, shooting the works. This Big Gala Benefit will include everything.

"First, because after all it is a Garden Club affair, will be the flower show. Rare and unusual blooms will be exhibited in competition. Anyone may enter flowers or plants, whether a member of the club or not. Prizes will be awarded in the various classifications.

A war bond will be offered as an entrance prize. During the evening there will be vaudeville and musical entertainment with a new show every half hour.

The auction of useful and ornamental articles and gifts will run while supplies last and the last auction demonstrated that people want and will buy and that auctioneers are entertaining fellows, almost as good as a show.

The tombola, too, will provide amusement, and for the inner man, there will be cake raffles and a sale of home made candy, and the sweet tooth craves that in these days when most commercial candy goes to the armed forces.

Plants and flowers contributed by Garden Club members will be sold to swell the total of funds raised and supper will be served for those who want to stay from start to finish, as well as sandwiches, cake, candy and drinks both hot and cold.

Admission tickets will be 40 and 20 cents and full value in entertainment is guaranteed, even for those who prefer not to spend another penny.

ASSIGNED AS INSTRUCTOR

These veterans direct crews through training conditions that simulate actual combat, stressing teamwork, formation flying and high altitude missions.

Sgt. Bowen attended the Montezuma School. He is the son of the late Mr. and Mrs. William C. Bowen of Montezuma, La. His wife is the former Ruby Ramond of Bay St. Louis, Miss.

Rotary Club Sponsors Drive For Used Clothes For War Torn Countries

The National Drive for the collection of used clothing for the people in the overrun countries of Europe is getting under way under the direction of Henry J. Kaiser, National Chairman, with headquarters in New York.

The quota for the nation has been set at one hundred fifty million pounds of clothing. In Hancock County the drive is being sponsored by the Bay St. Louis Rotary Club, and Mr. E. K. Kirkpatrick, has been named chairman or the local committee.

Notice will be given to the public when the drive is to start and where they will be requested to deposit the clothing. The people of Hancock County are urged to donate their closets of old discarded articles of clothing suitable for contribution to this worthy cause. Many garments that are no longer serving a useful purpose to the members of our household will lend much to alleviate the suffering and hardships of our less fortunate neighbors.

This is your opportunity to show your appreciation for the many blessings bestowed upon you in your own country, by devoting a little time and effort toward contributing to the needs of suffering humanity in war stricken areas.

BABY CONTEST TO BE STAGED BY BAY- WAVELAND GARDEN CLUB, APRIL FOURTH

Every mother, grandmother, father and grandfather believes the family baby is the cutest in the world—or at least, in Bay St. Louis, Hancock County and surrounding Mississippi and Louisiana.

Now all of these proud and beaming relatives have a chance to put their beliefs and boast to the test, with an alibi thoughtfully provided in case the judges do not agree.

With the Red Cross Drive on its final lunge toward the goal and quota, the Bay-Waveland Garden Club is giving a gala night April 4 at Saint Stanislaus gymnasium.

Part of the entertainment will be a baby picture contest. Pictures in this one case are better than babies, because they don't get tired out and sick, and that prevents a lot of noise. Besides, that's the alibi aforementioned: If your baby doesn't win the prize of course it is the picture that didn't do him justice.

Any kind of picture may be entered, Kodak or professional, and judges will try to ignore the technical quality of the photography and judge the baby underneath.

A first prize of war stamps will be provided for two classes of babies, senior and junior. In the senior baby class will be those from one to five years old; the junior may be from 5 minutes to one year old. Ribbons will be awarded to runners-up.

Photographs should be mailed (carefully wrapped and labeled) to 324 Beach, Bay St. Louis, care of Knoblock and with 25 cents included for entrance fee. Or they may be brought by hand to the Red Cross booth at Main and Front streets.

Mailed entries will be mailed back if return postage is enclosed, otherwise they must be picked up at the Red Cross-Garden Club Gala at S. S. C. gym. Win your baby a prize.

S. J. A. Card Game Called Off

The St. Joseph Academy Parents' Club will not have a card party as scheduled for Wednesday, April 4th. Instead there will be a cake raffle at the regular monthly meeting, Tuesday, April 3rd. Some lists have been distributed but any one desiring another, may contact either Mrs. H. Kergosien, 271 or Mrs. Lucien Gex, 259.

The Red Cross plans a Bazaar to be held on April 4th and since the members of the Parents' Club are working with the Red Cross, it was decided we would turn all efforts toward helping to make the Bazaar a huge success.

..PROCLAMATION.. GOOD FRIDAY

Realizing the solemnity of the Memorable Day of Good Friday and that the Christian World bows in sorrow and sympathy, commemorating the World's Greatest Tragedy, and

That it is meet and proper that our people, too, set aside their every day activities as far as possible and practicable with their every day life and pursuit, to do honor and to further glorify the Resurrection of One who has sacrificed and suffered the expiation of sins of Mankind.

That, in order to pay tribute to the Holy Redeemer, I, as Mayor of the City of Bay Saint Louis, do hereby proclaim Good Friday, March 30th, as a DAY OF HOLY AND GENERAL OBSERVANCE; that our acts and attitude be such as to do reverence to the day.

AND, AS A FURTHER attestation of our feeling of respect and sorrow, and as an outward mark, I would respectfully ask that every place of business in the City of Bay St. Louis close their doors and cease business from the hours of 12 noon to 3 o'clock that afternoon, during the hours of agony Our Lord suffered on the cross, and during which time religious services are held at the Catholic Church.

Done this 19th day of March, 1945, at the City Hall, Bay St. Louis, Miss.

Attest:
W. L. BOURGEOIS,
H. GRADY PERKINS, Commissioners.

G. Y. BLAIZE, Mayor.

AGRICULTURAL LOAN COMMITTEE FOR G. I. GUARANTY LOANS

An important part of the machinery set up to guaranty farm loans to veterans under the G. I. Bill of Rights is the Veterans' Agricultural Loan Committee, says T. W. Patten, Secretary-Treasurer of the Picaune National Farm Loan Association. This committee is in addition to the Veterans' Agricultural Advisory Committee which was discussed last week and which only has authority to give information and make recommendations. The Veterans' Agricultural Loan Committee is composed of members of the Bankhead-Jones Farm-Tenant Purchase Committee, and a Veterans' application for guaranty of a farm loan will be considered by the Veterans' Agricultural Loan Committee. This committee will recommend guaranty of the loan on the basis of an appraisal of the property in addition to its information concerning the veteran's ability and experience as a farmer—and on local farming conditions.

The Farm Credit Administration has been given the responsibility of making appraisals of farm real estate in connection with applications for the guaranty of farm loans. Experienced appraisers of the Federal Land Bank will make the appraisals.

The Land Bank appraisers may also be called upon to make appraisals on applications for loans for repairs and construction, Mr. Patten said, but generally appraisals of chattels will be made by the Veterans' Agricultural Committee or under its direction, he added.

The week of April 30 through May 5th the St. Stanislaus Band Contest for Concert Band, Marching Band, solo and ensembles will be held. The plan to be followed will be:

Three out-of-state judges will be hired—the judges will be assigned to different sections of the State and each judge will visit the schools entering the contest and each band will be judged in its own auditorium. This plan is being used in lieu of the past two years. The reason for the change is that the Office of Defense Transportation in Washington has refused our State Band Contest the right to hold District Contests.

St. Stanislaus will enter 11 band members in Solo Event; 12 in Ensemble. Rodney Ranson will enter for Baton Twirling. Karl Fasold will enter Student Conductor Event.

The Band as a unit will compete in Class "C" Division for concert and marching.

The Glee Club, under the direction of Brother Donald are now working on three part songs. Having learned a number of religious songs, they will sing during Mass and Benediction in the College Chapel. From all reports there is good material among the boys and Brother is sure that the public will enjoy hearing them sing.

RIGHT KIND OF PULP WOOD NEEDED NOW BY MILLS

Warning that time spent in cutting the wrong kind of pulpwood is time wasted, Earl Porter, International Paper Company, Mobile, Alabama, urged today that pulpwood cutters concentrate on production of only good quality wood, both as the means of giving the greatest possible assistance to the war effort as well as from a purely personal profit angle.

"The hours wasted in cutting and hauling poor quality pulpwood from forests and farm woodlands to the mills," said Mr. Porter, "are priceless hour lost to our all out efforts to win the war. The crying need is for wood that is not charred, crooked or rotten."

"It is certainly as easy to cut the kind of wood the mills need," the mill official explained, "as it is to cut any other kind, and the need for top quality pulpwood is urgent."

Mr. Porter emphasized the fact that piles in mill yards are often deceptive, reflecting the accumulation of large piles of sub-standard wood. "The wrong kind of pulpwood in a mill yard" he asserted, "is just about as valueless as an ice cream freezer in a foxhole."

The present need for high grade pulpwood is probably greater than at any time since the beginning of the war, according to Mr. Porter. He stressed the importance of an immediate effort to meet this need, pre-empting the situation could become grave if present mill inventories were not substantially boosted by the receipt of more pulpwood of good quality.

STANISLAUS WINS REGIONAL BASKETBALL TOURNAMENT

In the Regional Tournament, held in Hattiesburg, Thursday, Friday and Saturday, March 15th, 16th and 17th, St. Stanislaus Rockchaws won the South Mississippi Championship. The first four teams from North Mississippi played the first four teams from South Mississippi. They were first St. Stanislaus, second, Petal; third Prentiss and McComb.

The scores were: Rockchaws 37, Ring Gold 35; St. Stanislaus 38 Prentiss 15 (semi-finals); Rockchaws 22 Petal 17 (finals).

The Rockchaws won the Gulf Coast and the County championship, held in Bay St. Louis. Now winning the Regional Tournament entitles them to enter the State Basketball Tournament to be held in Philadelphia, Miss., on Thursday 22, Friday 23 and Saturday 24 for the State Championship.

Their first game in the State contest will be against Pittsboro at 2:30 on Friday.

Miss Emma Virginia Edwards Passed Away Tuesday at Home Here

Miss Emma Virginia Edwards, native of New Orleans but a resident of Bay St. Louis most of her life, died at her home 115 Washington St., at 5:15 a. m., Tuesday March 20th, after a long illness. She was the daughter of the late John Edwards and Katherine Keefe Edwards. She is survived by two sisters, Ida Jane Edwards and May Hicks Edwards; two brothers, John Keefe Edwards and George Hicks Edwards, four nieces and five nephews, of whom four are in the service.

"Miss Emma" was the home-maker of the Edwards family, and in her gentle, kind way was considerate and thoughtful of all with whom she came in contact. She was the individual who set a stricter standard for herself than for others in fair dealing, justice and unselfishness. She enjoyed her friends and will be missed by a devoted circle. She was a communicant of the Episcopal Church and when in good health, was active in the work of that church. The members of the Edwards family have the sympathy of the community in their loss.

Funeral services were conducted by the Rev. Warwick Aiken at the Fayerly Funeral Home, at 3 o'clock on Wednesday afternoon. Interment was in Cedar Rest Cemetery. Those serving as pallbearers were Dr. J. A. Evans, C. C. McDonald, Jos. O. Mauffray, H. C. Glover, Kenneth Pepperdene, and Edward Spurl.

SPORTS

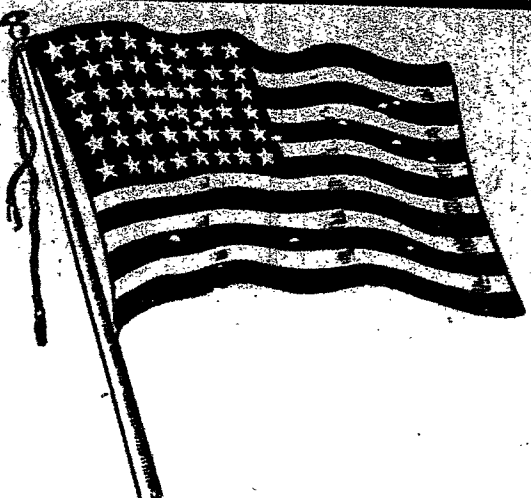

St. Stanislaus eagles are plenty hot. They enter the State Finals this week end with more than an equal chance to cop the crown. Here's luck boys.

The boxing tournament will be more than interesting. It will be time well spent to watch these youngsters battle it out.

It is hoped that this boxing melee will be continued from year to year, and plans are already in the making for a real state wide meeting next spring.

County Game Warden Bourgeois reports no closed season on fishing this spring.

It will be wise for fishermen to release all fish that plainly show that they have not spawned.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought re-
lief from the agony and nervous
strain of functional periodic distress. Taken
as a tonic, it should stimulate appetite,
aid digestion, thus help build resist-
ance for the "blues" to come. Started
at 8 days before your time, it should
help relieve pain due to purely
functional periodic causes. Try it!

Tuesday, Mrs. August Brink had a happy surprise when her grandson, Private First Class Charles Chase, from McClellan, Alabama, stopped over to spend the day with her as he passed enroute to his home in New Orleans on a few days leave. Charles had three of his close friends with him, Private First Class J. Cannizzaro, Private First Class Callanier and Sidney Rogers who has a medical discharge from the Navy. After a few days in the New Orleans with relatives the young men expect to be sent to Maryland.

Miss Doris Thornton of Pass Christian spent a few days this past week in the home of Mr. and Mrs. Bennie Morin. On Friday afternoon Mattie and Charles Thornton accompanied Miss Doris home and spent Saturday and Sunday in the Pass.

Mr. and Mrs. W. Ming and Mr. and Mrs. Lester Haverly and family of New Orleans were guests of relatives Saturday and Sunday.

The many friends of Mrs. Joseph Garcia will be glad to know her condition has improved enough for her to be taken from Mercy Hospital to the home of her daughter and son-in-law Mr. and Mrs. Ray Planchard who reside in New Orleans.

Both young ladies reside in New Orleans. Lieut. Higgenbotham has just returned from France on sick leave. She wears two stars for serving in combat area, and three stripes for overseas duty. She spent 18 months with our boys. She has been in England, Scotland, Wales, Ireland and then to France where she was stricken with a severe case of pneumonia. Lieut. ORTIE THEATRE SUNDAY—MONDAY "MEET ME IN ST. LOUIS"

Sally Benson's popular "Kensington" stories have been filmed by Metro-Goldwyn-Mayer as one of the most delightful musicals of the sea. Son in "Meet Me in St. Louis" which opens Sunday and Monday at the Ortie Theatre. Filmed in beautiful Technicolor and starring Judy Garland at the head of an outstanding cast, "Meet Me in St. Louis" simply exudes charm, warmth, and good-neighborliness as it relates the story of the Smiths of St. Louis and their life with father, mother, brother, sister et al.

St. Louis of 1903, just before the opening of the famous St. Louis Fair, is the setting of the film. The Smiths are eagerly awaiting this great event. There are Dad, a working lawyer (Leon Ames), and mother (Mary Astor); Tootie, the youngest (Margaret O'Brien), and Agnes (Joan Carroll), slightly older. Esther (Miss Garland) an attractive high school girl with an extremely appealing personality and singing voice to match, is in the throes of young love. Her older sister, Rose (Lucille Bremer), also is in a romantic tangle.

Then comes the bombshell to disturb the equanimity of lives: Dad's firm decides to transfer him permanently to New York. The family's reaction, the changes it causes in their lives and the final decision of the Smiths make for a really heart-warming piece of American family entertainment. You've just got to see it to understand the kind of loving care the entire production has received.

The entire cast is excellent, particularly Judy and Little Margaret, whose successes in "Lost Angel" and "The Canterville Ghost" are overshadowed as she captures your heart again and again. Judy is in fine voice and puts over "Clang Went the Trolley," "Under a Bamboo Tree" and other numbers with her usual finesse and delivery.

responded last year in giving cast off clothing to the unfortunate people of European countries, and stated another collection of clothing for these poor sufferers is being made and any old clothing that can be spared (no shoes) should be brought to the school house, and he will collect same and send it to Washington, D. C. to be sorted and shipped.

Mrs. Elmo Taylor and son, Jerry, of Foley, Alabama are spending a few days with Miss Mildred Ladner. Mrs. Taylor is a sister of Cpl. John E. Lott.

Commemorating

95 YEARS

as private builder and public servant

Born when the South was yet young, the L&N—now "The Old Reliable"—has survived a destructive Civil War, the reconstruction period and the passing of three generations of men both great and small.

For 95 years it has been an energizing bloodstream to the South's expanding agriculture, industry, commerce and social growth. Now, as ever, its interests are inseparably linked with the South's highest welfare and fruitful development.

With almost 5,000 miles of self-maintained steel highways and a half-billion dollar investment, it daily reflects its faith in the South

and the quality of its people, by still further expansion of territory, facilities and service.

It aids mightily in the present war and looks hopefully to peace when, as Private Builder and Public Servant, it will continue to work cooperatively and constructively to make a more livable and prosperous South.

It wants to be friendly, neighborly and helpful and hopes for such acceptance.

Judged by any standards you please—employment, payroll, taxes, public service—what not—the L&N is one of the great industries of the South. It is private enterprise performing a highly essential public service in peace and war. It enables Southerners to EARN MORE—BUY MORE—HAVE MORE and, as such, is entitled to receive just consideration always.
